<b>EVV IMPLEMENTATION – AUTHENTICARE/PALCO</b>	
<p>How quickly does Authenticare respond to emails from agencies registering or requesting assistance? How long does it take agencies to get agency credentials? Is there one log in per agency?</p>	<p>Standard response time is 1-2 business days once credentials have been requested. Authenticare staff Cayle Cox has sent agency credentials to everyone who outreached last week on Friday night (12/18) and has been replying to all access questions personally within a few hours. He's contacted multiple clients via phone and walked them through their setup.</p> <p>One login per Agency will be issued and the Agency can then setup additional users within their access.</p>
<p>What is the link to Authenticare so EORs and agencies can set up their participant information?</p>	<p><a href="https://www.authenticare.com/palconm/login.aspx">https://www.authenticare.com/palconm/login.aspx</a></p>
<p>How do employees receive their employee ID numbers? Where can employees or agencies get this information?</p>	<p>Palco will setup Mi Via and Supports Waiver self-directing workers by early next week. These workers will use their Palco ID for clocking in and out. Palco IDs were provided via letters in November and a second letter containing Palco ID numbers is being mailed out the week of 12/21.</p> <p>Provider Agencies need to setup their agency-based workers. When the Agency is registering their worker in Authenticare they will be assigned a worker ID in the Authenticare Portal which the Agency should relay to that worker. That worker ID will be used to clock in and out.</p>
